

# Sunday School Activities 24th May

A simple message to all Christians... 'Read your Bible, pray every day and you'll grow.'

**Activity 1** - use the space below to draw yourself as the adult you imagine you'll **GROW** to be. How could the clothes you draw and the things you include in your picture give clues to the job you want to do?

**Activity 2** - write a simple prayer to encourage everyone to live a life filled with faith in God. To help you, you could think of all the things we have been learning about recently - being thankful, trusting in God, people we love and appreciate.

**Activity 3** - can you draw a maze for the man to walk through to get to the Bible at the end? Help him follow God's word!
